

XT-A DIRECT 70x15 satin/black 3500 K

XA78-0

TECHNICAL SPECIFICATIONS

Lamp holder	LED
Light emission	direct
Light distribution	symmetric
Level of light output efficiency	100 %
Luminaire luminous flux	2240 lm
Colour temperature	3500 K
Colour rendering index (CRI)	>80
Complies with EN12464	Yes
White impression	cool white
Rated voltage (range)	220-240 V / 120 V
Power frequency	50 / 60 Hz
Power consumption (maximum)	31 W
Surface	satined
Housing material	aluminium
Type of lamp control gear	Driver
Ballast included	Yes
Protection class	I
Colour of the grid	translucent black
Connection cable (number of cores)	5
Energy efficiency	A - A++
Dimmable	Yes
Type of Dimmer	1-10 V
Material of the grid	plastic
Material of the cover	plastic
Length	700 mm
Width	150 mm
Height	36 mm
Head adjustable	No
Fire protection "F"	Yes
