

XT-A DIRECT 70x15 satin/white 3500 K XA78-1

TECHNICAL SPECIFICATIONS

| | |
|------------------------------------|-------------------|
| Lamp holder | LED |
| Light emission | direct |
| Light distribution | symmetric |
| Level of light output efficiency | 100 % |
| Luminaire luminous flux | 2240 lm |
| Colour temperature | 3500 K |
| Colour rendering index (CRI) | >80 |
| Complies with EN12464 | Yes |
| White impression | cool white |
| Rated voltage (range) | 220-240 V / 120 V |
| Power frequency | 50 / 60 Hz |
| Power consumption (maximum) | 31 W |
| Surface | satined |
| Housing material | aluminium |
| Type of lamp control gear | Driver |
| Ballast included | Yes |
| Protection class | I |
| Colour of the grid | white |
| Connection cable (number of cores) | 5 |
| Energy efficiency | A - A++ |
| Dimmable | Yes |
| Type of Dimmer | 1-10 V |
| Material of the grid | plastic |
| Material of the cover | plastic |
| Length | 700 mm |
| Width | 150 mm |
| Height | 36 mm |
| Head adjustable | No |
| Fire protection "F" | Yes |
