Floor lamp

JARED

DESCRIPTION

Jared is a reading lamp with Murano glass lampshade and a metal structure. The shade is completely hand made, following the ancient techniques of Murano glassmaking: a series of dove grey matt glass rods are fused on a mass of white opal glass, in order to create streaks similar to those of a rock. After the process of tempering, the glass is worked by hand to get a matt finish. The lamp is illuminated by a led of 3000k to obtain a warm tone. The light is dimmable.

Like all Armani/Casa lamps, Jared requires a power supply box (to be bought separately) to work.
