

 ARMANI / CASA

MIYA

Table Lamp

MIYA

DESCRIPTION

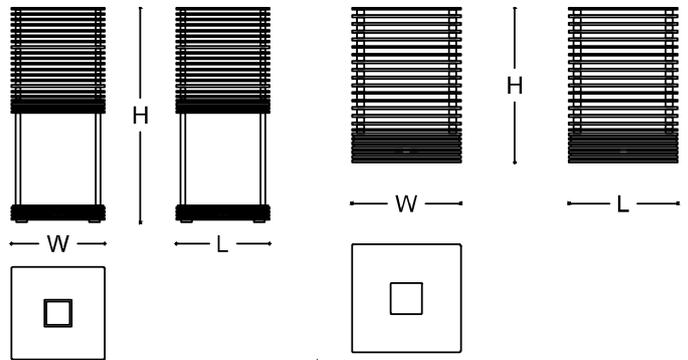

Lamps inspired by the soft atmospheres of the Armani Privé club in Milan. All versions feature an iconic lamellar cube that filters light in a very cozy and luxurious way. The table version is dimmable and made in wood for what concerns the base and the lamellar structure, while vertical bars and other details are in metal; it is available in two color options. All wooden layers are painted in gold on the bottom, to increase the warm tone of the light. The lantern version (large and small), instead, is in greige painted wood and has a LED working with a battery device. Like all Armani/Casa lamps, Miya requires a power supply box (to be bought separately) to work.
