

ARMANI / CASA

PICNIC
Table Lamp

PICNIC

DESCRIPTION

Picnic features a bamboo-shaped handle (fixed) and a switch/ dimmer located in the upper part. The sides are in transparent methacrylate and show a decoration with concentric rectangles, obtained thanks to a laser engraving in the methacrylate itself: in this way, the lantern creates a particular effect when lit. Available in two sizes, Picnic is presented in a special metal in champagne color developed for this range only. The inner cylinder - containing the LED lighting source - is in natural alabaster. Picnic is rechargeable and requires a power supply box (included) to work; this cable features a charger with USB.

Like all Armani/Casa lamps, Picnic requires a power supply box (to be bought separately) to work.

MADE IN ITALY

DIMENSIONS

SMALL VERSION:

Ø 15 x 15 x 29 h cm - Inch Ø 5.9 x 5.9 x 11.4 h

Metal treated with transparent nitre solvent.

Lighting system

LED - lifespan: 50.000 hours

Power supply box

Input: 100-240V ~ 0.7A, 50-60Hz.

For indoor use only.

Maintenance and disposal

Product designed for indoor use. Make sure that the surface does not stay in contact with water or other liquids, even for short periods. The product is made with finishes subject to deterioration if treated with unsuitable substances. Always use neutral and creamy cleaning solutions without alcohol or acids. Never use steel wool or abrasive sponges but a soft wet cloth. Dry thoroughly after each cleaning. The replacement of damaged parts must be done only with original pieces: in this case, please contact an official Armani/Casa dealer for assistance. At the end of its useful life, the product must be returned to an authorized collection center for disposal.
