

Icarus Wings Vertical Medium

REFERENCE CT3351/26

DESCRIPTION

Inspired by the arched shape of a water fountain. With a particular design, the Icarus collection looks as if a frozen fountain was taken directly from its natural setting. Designed like a sculpture by its close resemblance to its nature, the light emerges within the crafted glass, following the liquid motion that grows supported by the bronze central branch. Its intense decorative character commits to its dramatic visual presence, resulting in a piece of high contrast and differential highlight. Ideal for areas of modern and contemporary interior style, suitable for pieces of great prominence and highlight.
