Carpa Squama Small Left

REFERENCE AP1491/L

DESCRIPTION

Inspired by the shapes of fish scales and sea life. The unusual shape of the Carpa collection pieces stand as a closed design of intense asperity. By modular creation, this collection presents a strong decorative presence with subtle highlight through its diffuse and indirect lighting. Designed entirely with the same material, it gets its shape through the visual lines of scales of marine organisms, a dynamic combination to complement an interior design concept. Ideal for wall installations.

Finish shown here Metal FP/PB

Designed and produced by hand in Portugal.

Serip reserves the right to make changes or improvements at any time it deems useful to guarantee the highest quality standards for its products.

Hand-finished, some variations may occur.

All the glass models are designed by Serip and exclusively handmade produced, establishing a unique and prestigious feature of the glass handwork art. For this reason, there is the possibility of variation in measures, weight, colour and shape represented.
