Geyser Fountain Oval

REFERENCE PL379/22

DESCRIPTION

Inspired by the wonders of water and steam of a natural geyser. The intrinsic force of a geyser carries a blend of aggressiveness and beauty in an unlikely harmony between strength and fragility, establishing the basis of the Geyser Collection. The glass primacy of this rich design embodies the piece with vigour and energy aiming towards the most intense visual lighting experience. Visually impressive, its design falls into the category of collections with greater expression, achieving a status of lighting sculpture.
