## Geyser Magma Small

REFERENCE AP1496/1

### DESCRIPTION

Inspired by the wonders of water and steam of a natural geyser. The intrinsic force of a geyser carries a blend of aggressiveness and beauty in an unlikely harmony between strength and fragility, establishing the basis of the Geyser Collection. The glass primacy of this rich design embodies the piece with vigour and energy aiming towards the most intense visual lighting experience. Visually impressive, its design falls into the category of collections with greater expression, achieving a status of lighting sculpture.

### CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.
