

Icarus Daedalus

REFERENCE AP1454/3

DESCRIPTION

Inspired by the arched shape of a water fountain. With a particular design, the Icarus collection looks as if a frozen fountain was taken directly from its natural setting. Designed like a sculpture by its close resemblance to its nature, the light emerges within the crafted glass, following the liquid motion that grows supported by the bronze central branch. Its intense decorative character commits to its dramatic visual presence, resulting in a piece of high contrast and differential highlight. Ideal for areas of modern and contemporary interior style, suitable for pieces of great prominence and highlight.

Finish shown here Metal FO | Glass 10

Designed and produced by hand in Portugal.

Serip reserves the right to make changes or improvements at any time it deems useful to guarantee the highest quality standards for its products.

Hand-finished, some variations may occur.

All the glass models are designed by Serip and exclusively handmade produced, establishing a unique and prestigious feature of the glass handwork art. For this reason, there is the possibility of variation in measures, weight, colour and shape represented.

CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.
