

Mondrian Suspension Coastline Large

REFERENCE CT3400/5

DESCRIPTION

Inspired by the unique view of the desert sands. The Mondrian collection is a dedication to the prestigious Dutch painter Piet Mondrian who defended abstraction as a universal language, reducing form and color to its essences. The pattern evident in each piece of the Mondrian collection refers to the shape of the lines that result from the wind touching the sand, and the combination of shapes that resembles the artist's signature. With a modular concept, the design of the collection falls into the category of pieces with an artistic presence, where light compositions achieve an artistic sense of installation. This smaller size piece is also perfect for hallways, hospitality or even as bedside lamps.

Finish shown here Metal FP | Glass 10

Designed and produced by hand in Portugal.

Serip reserves the right to make changes or improvements at any time it deems useful to guarantee the highest quality standards for its products.

Hand-finished, some variations may occur.

All the glass models are designed by Serip and exclusively handmade produced, establishing a unique and prestigious feature of the glass handwork art. For this reason, there is the possibility of variation in measures, weight, colour and shape represented.

CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.
