Nenufar Nymphaea Medium

REFERENCE AP1475/6

DESCRIPTION

Ethereal and whimsical, the Nenufar Collection stands closely connected to its direct inspiration, the aqueous nature. Beyond its particular dense structure and closed shape in some designs, it seeks an uncanny levitating sense, allowing multiple perspectives through the carefully crafted Murano glass pieces. Through the glass specifications, the Nenufar achieves diffuse lighting providing an alluring romantic sense, reminiscent of the natural beauty of nature. Ideal for delicate interiors of vertical architecture.

Designed and produced by hand in Portugal.

Serip reserves the right to make changes or improvements at any time it deems useful to guarantee the highest quality standards for its products.

Hand-finished, some variations may occur.

All the glass models are designed by Serip and exclusively handmade produced, establishing a unique and prestigious feature of the glass handwork art. For this reason, there is the possibility of variation in measures, weight, colour and shape represented.
